Builders at Your Service have been designing, building and project managing quality home extensions, renovations and new homes (custom designed) for Adelaide home owners for 30 years.

We are a well established, family owned and operated building firm, who understand the important relationship of our clients, as each design needs to reflect their lifestyle and personality. If you are thinking of a home extension, renovation project, remodelling your home, kitchen or bathroom or adding an extra storey, we have a vast range of expertise and experience on projects both large and small.

Home Extensions

Extensions are the ideal way to add extra floor and living space to your home without having to move house altogether. It may be that your family has grown and you need more room for the kids, or you might want to increase the size of your house so as to add to its value. Whatever the reason, at Builders At Your Service we are experts in extending all sorts of homes to suit the needs of Adelaide families:

Home Renovations

You may have been in your home for a few years and are looking to brighten up its appearance, or you may have purchased a new house but want to make it seem more like home by redecorating in a style more suited to your taste. Alternatively, you may have a heritage or period home but would like to have the benefits of more contemporary fixtures and fittings.

Commercial Works

Our portfolio of building, construction and home renovation work is extensive and we have experience in all types of project in the central, northern, eastern and western suburbs of Adelaide. We are always happy to provide a free consultation and quote, and we can advise and help you with a design concept that you may already have in mind, or we can help you to create one.

Why Choose Us?

Our name says it all for extensions, renovations, new homes, expert advice and service. We provide a comprehensive service that you can rely on from start to finish. We guarantee the quality of all our work and that it will be completed on time and to your satisfaction. Builders at your Service can offer everything from engaging engineers, reports, council approvals, and all the qualified trades required for completing your project.
